

Risa has been in the real estate business since 2011, thoroughly enjoying her work and helping people during this milestone in their life.

Caring, dedicated and hard work characterize her very unique, attentive approach. "I know firsthand that buying or selling a home can be a stressful and emotional experience. It's my job to make it as easy as possible. By asking a lot of questions and listening intently to what you say and what you need, I make efficient use of our time together, and focus my entire plan of action on getting the best results."

A Westchester resident for over 25 years, Risa has an intimate knowledge of the area from both a real estate and quality of life perspective. She stands out in her field holding various designations including Certified Buyer Representative (CBR), Graduate Realtor Institute (GRI), Short Sales & Foreclosures Resource (SFR) and Senior Real Estate Specialist (SRES). Risa is also a member of local and national real estate organizations, as well as her Neighborhood Home Owners' Association in New Rochelle where she lives.

She sells homes throughout Lower Westchester, and in many areas in Northern Westchester. Prior to entering real estate, Risa spent over 15 years in sales in the garment center honing her eye for style and colors. Afterwards, she assisted in running a supply company with roles from sales to customer service. Risa is a graduate of Fashion Institute of Technology.

Outside of real estate, she gives her time as a team leader and fundraiser for Making Strides Against Breast Cancer. Risa also enjoys spending time with family and friends, traveling when she can, and attending Broadway shows and concerts.
