

Kate McGill joined Silverson's to start a new chapter in her life.

"I am so excited to join Silverson's Realty and start a journey on the next chapter of my life. I have a degree in Clothing Manufacturing and in Interior Design from two different universities. I worked for a Restaurant Design Firm in California as one of their head designer before moving to Westchester. We moved to White Plains 15 years ago where I have been home raising our three children. As a stay at home mom, I have always been involved in my children's school. I have been a President of The Temple Israel Center Nursery School PTO. I am currently a Vice President of the PTO at Schechter Westchester where my kids currently attend. In addition to those roles I have also helped organize different events or have taken lead roles as a chairperson. Having a background in Interior Design has been very helpful when finding our first and second home in White Plains. I have transformed these homes from a house nobody wanted to a home my family has enjoyed. I look forward in helping you find the home of your dreams."
